The Official [ASD Affiliates Program](#) has been updated to include Single Item Vendors for all products. You will now find 152 single item vendors in the affiliates pack. Only 1 script each, these single item vendors will make your store look more professional, without forcing your guests to browse items by pressing arrows.

A boxed set of all single item vendors has been sent to all existing Affiliates members. If you did not receive yours please IM Alicia Stella inworld or [email here](#). As new products become available you will be sent new vendors as well.

If you're not yet an affiliate you can check it out on [Marketplace here:](#)
