
[NEW PRODUCT: Donation Box Goal Script](#)

Category : [Announcements](#)

Published by Alicia Stella on May-12-2015

A donation box script with optional goal feature, that makes the perfect piggy bank! Main script comes with Configuration notecard for user settings, so it's ready to use in your own products! Will show how much left to reach goal, and what percentage has been donated so far in floating text, (optional).

Scripts in this set can be used in your commercial products. Please do not resell or give away scripts on their own.

Scripts are all: Modify / Copy / Transfer

[Buy on Marketplace](#) | [Purchase in Second Life](#)

ABOUT SCRIPT:

Includes 3 versions:

1. Normal Version

- All funds go to object owner, includes Config Notecard.

2. Other Avatar Version

- All funds go to avatar key you specify, includes Config Notecard.

3. Simple Version

- No notecard settings. Use this for mixing with your own code.

Add one of the first two scripts and settings notecard into your own prim to create a Donation Box with Goal Feature or use the simple version to mix with your own code.
