

[Attention: To Keep Receiving Email Reports](#)

Category : [Announcements](#)

Published by Alicia Stella on Feb-17-2013

If you own the Tipping Server, Raffle, or any item with Web Tools: You should add our new email address to your email provider's Address Book to continue receiving system emails such as the daily and weekly Tipping reports.

The new sender address is contact@asdwebtools.com and adding it to your address book should prevent messages from going to spam.

If you do not see your daily or weekly emails check your spam folder and click on the Not Spam option, or Add to Address Book to prevent it from happening again.
