## [NEW PRODUCT: Social Network Signs Set](#)

Category : [Announcements](#)

Published by Alicia Stella on Aug-29-2014

Promote your brand and expand your social network with these easy to use and convenient social media signs. Use a few in your store/venue or use a multi-panel display to share lots of links to many social networks. Has 20 social networks selectable by menu and includes handy options like Event Calendar, Email Us, and the Second Life Marketplace.

Easy to Set Up! Just touch a sign and select a social network from the list. Then enter your URL into a dialog text box. That's it!

When a user touches a sign they will be given a dialog box to open the website in their browser. (For email and Skype they will receive a message with the email address or Skype username in their local chat.)

Includes 4 individual sign object designs and 6 multi-panel displays. Comes with two versions, one with sculpted icons and one with regular basic prims. Plus, includes a bonus Like us on Facebook sign!
